PROFILE

Self-taught web developer and aspiring software engineer with a strong foundation in JavaScript, React, and Back-end technologies like Node.js. Passionate about building user-friendly applications and continuously learning new technologies. Also exploring Cybersecurity and bug bounty hunting to enhance security skills. Seeking a remote internship to apply my skills in a real-world environment and grow as a developer.

EMPLOYMENT HISTORY

❖ Self-Projects

- **Developed multiple web applications** using **JavaScript, Node.js, and Tailwind CSS**, focusing on user experience and performance.
- **Built a personal portfolio website** to showcase projects and technical skills.
- **Created an Random-data-generator platform** with **using APIs and a responsive UI** using **Express.js and MongoDB**.
- **Participated in bug bounty programs(Learning)**, finding and reporting vulnerabilities in ethical hacking platforms.
- **Continuously learning and applying Cybersecurity techniques** to improve application security and prevent vulnerabilities.

EDUCATION

❖ Southwestern State College

Jun 2022 — Aug 2024

12th pass

Kathmandu

Completed higher secondary education with a passion for technology and software development. Proactively pursued self-learning in web development, JavaScript, and cyber-security through online platforms and hands-on practice. Built real-world projects, explored back-end technologies, and gained foundational knowledge of ethical hacking and bug bounty hunting.
